INITIALS BWD**PETITION FOR EXPRESS ABANDONMENT TO AVOID PUBLICATION**

(37 C.F.R. § 1.138(c))

WARNING: While addressing a petition under § 1.138 to Box PGPUB-ABN increases the chances of it being received in sufficient time to avoid publication, it is unlikely that a petition filed within 4 weeks of the projected publication date will be effective to avoid publication under any circumstance. Notice of Sept. 20, 2000, 65 Fed. Reg. 57024, at 57045.

NOTE: An applicant seeking to abandon an application to avoid publication of the application (see § 1.211(a)(1)) must submit a declaration of express abandonment by way of a petition under this section including the fee set forth in § 1.17(h) in sufficient time to permit the appropriate officials to recognize the abandonment and remove the application from the publication process. Applicant should expect that the petition will not be granted and the application will be published in regular course unless such declaration of express abandonment and petition are received by the appropriate officials more than four weeks prior to the projected date of publication. 37 C.F.R. § 1.138(c).

NOTE: The PTO explains that the petition under § 1.138(c) will be granted when it is recognized in sufficient time to avoid publication of application information and will be denied when it is not recognized in sufficient time to avoid publication of application information. This will avert the situation in which an applicant files a letter of express abandonment to avoid publication, the letter of express abandonment is not recognized in sufficient time to avoid publication, upon publication the applicant wishes to rescind the letter of express abandonment, and the Office cannot revive the application (once the letter of express abandonment is recognized) because the application was expressly and intentionally abandoned by the applicant.

Moreover, as the publication process is a fourteen-week process, the applicant should expect that the petition will not be granted and the application will be published in regular course unless such declaration of express abandonment and petition are received by the appropriate officials more than four weeks prior to the projected date of publication.

See "Changes To Implement Eighteen-Month Publication of Patent Applications; Final Rule", [Fed. Reg.: September 20, 2000, pages 57023-57061, at page 57034; OG: October 10, 2000, pages 63-96].

NOTE: "A written declaration of abandonment must be signed by a party authorized under § 1.33(b)(1), (b)(3), or (b)(4) to sign a paper in the application. . . ." 37 C.F.R. § 1.138(b).
